1988-89 — The Season in Review

Each bowling season offers its own uniqueness with milestones and events to be remembered for years to come. Yet 1988-89 will go down in history as something special because of one shining moment.

The day was Sept. 18, 1988 and the place was Seoul, South Korea. Bowlers from around the world gathered for bowling's first inclusion into the Olympics. And even though it was an exhibition sport, it was afforded the color, pageantry and competitive fire that defines the Games.

Mark Lewis and Debbie McMullen, products of the TEAM USA program conducted by the American Bowling Congress, Women's International Bowling Congress and Young American Bowling Alliance, represented the U.S. in Seoul and they finished sixth and seventh, respectively.

That Olympic involvement brought bowling more publicity and awareness than ever before. It gave all associated with the sport a feeling that perhaps bowling could finally begin taking its rightful place in the athletic world.

The Olympics only began what proved to be a season of stellar U.S. showings in events such as the AMF World Cup, an excellent TEAM USA session at the U.S. Olympic Training Center in Colorado Springs, a record-breaking ABC Tournament, U.S. domination of the FIQ American Zone Championships in Wichita, Kan. and another great debut for the sport at the U.S. Olympic Festival '89 in July.

1988-89 also signalled a new beginning at the leadership level at ABC. Under the direction of Executive Secretary-Treasurer Darold Dobs, who took office May 1, ABC feels prepared to continue at the forefront of the sport with innovative ideas as bowling enjoys a fruitful period. One of those areas was ABC's agreement to sponsor Bowling World, the weekly television program on ESPN that began in early October 1989.

But those were only some of the many exciting happenings of 1988-89. The following is a capsule look at other events and the people who made them possible:

AUGUST 1988

A busy month of international competition began when Kevin Doane captured the prestigious men's all events title in the 26th annual Tournament of the Americas. Lewis finished fifth. Doane and Linda Graham combined to win mixed doubles with fellow TEAM USA members Lewis and Linda Kelly eighth. The group won national all events and was third in national foursomes.

The American Bowling Congress Hall of Fame opened its doors to four new members in 1989. Inducted in Wichita, Kan. were (from left) George Pappas, Bruce Pluckhahn, Pete Tountas and Harry Lippe.

All four joined the other eight TEAM USA members and traveled to Melbourne, Fla. for the TEAM USA Bowl Down to determine the U.S. man and woman for the Pre-Olympic Qualifier later in the month. Lewis and McMullen took top honors and continued their hot bowling to earn the Olympic trip.

The week after making the Olympics, Lewis and McMullen both qualified for the 1989 TEAM USA at the National Finals in Milwaukee. They were joined by National Amateur Champions Darold Meisel, Milwaukee and Patty Ann, Bloomington, Ill.; Brad Briggs, North Palm Beach, Fla.; Ron Mohr, Anchorage, Alaska; Gordon Vadakin, Wichita, Butch Cullum, Hollister, Calif.; Graham; Therese Abair, Long Beach, Calif.; Maureen Webb, North Andover, Mass., and Lynda Norry, Concord, Calif.

SEPTEMBER 1988

Lewis and McMullen fell short in their attempt to bring medals home in the 1988 Summer Olympics. Kwon Jong-Yul of South Korea captured the men's gold medal while Arianne Cerdena of The Philippines won for the women.

Pete Tountas and Bruce Pluckhahn were elected to the ABC Hall of Fame in the performance and meritorious service sections, respectively.

OCTOBER 1988

Communications and cooperation, two key areas of ABC concentration during the 1987-88 season, continued with the second ABC Proprietor Information Panel in Milwaukee. The consensus was proprietors and local bowling officials working together to get bowlers to join leagues and to sanction those leagues. Another series of Regional Proprietor/Local Association Conferences brought that point and others to more local audiences.

NOVEMBER 1988

The ABC Board of Directors held a fall meeting in Milwaukee. Attendees were updated on existing programs, reviewed proposed legislation from ABC committees, listened to presentations from officials of the major bowling organizations and participated in an educational seminar. Two new Jurisdictional Directors were appointed to fill unexpired terms — John (Jack) Smits, Green Bay, Wis. and Danny Jensen, Marion, Iowa.

Pat Landry, 21, tied the oldest and perhaps most prestigious ABC record with an 886 three game series. The Michigan State University bowling team member had 298-300-288 games to equal Allie Brandt's feat of Oct. 25, 1939.

DECEMBER 1988

Professional Brian Voss finished the year with two victories and a record $225,485 in earnings.

Kelly and Mohamed Khalifa of the United Arab Emirates captured the men's and women's titles, respectively, in the 24th AMF World Cup in Guadalajara, Mexico. Lewis finished sixth in the men's competition.

JANUARY 1989

George Pappas of Charlotte, N.C. and Harry Lippe of Chicago were elected to the ABC Hall of Fame on second national ballots in one of the closest votes in several years.

Voss was the leading votegetter on the 1988 Bowling Magazine All-America team. Joining him on the first team were Dave Ferraro, Joe Berardi, Mark Roth and Marshall Holman.

FEBRUARY 1989

TEAM USA's third annual visit to the U.S. Olympic Training Center proved to

be a resounding success, much of it attributed to the addition of Fred Borden as the training coordinator-instructor.

On the eve of the opening of the 1989 ABC Tournament in Wichita, the ABC Site Selection Committee gave the nod for the 1993 event to Tulsa, Okla. It will be ABC's third visit to Oklahoma as Oklahoma City hosted the event in 1976 and Tulsa in 1985.

The 1989 ABC Tournament opened with thunder as local favorite Chilton Vending set the tone for the entire event by breaking three Tournament records. Led by TEAM USA members Vadakin and Lewis, the team fired a record 3481 series, including a 1232 opening game, and a record 118 strikes. The team game record, as well as nearly every other standard, would fall before the end of the Tournament in May.

The U.S. Olympic Committee granted Class A status to the United States Tenpin Bowling Federation, an umbrella group formed by ABC and WIBC to become official upon approval by ABC and WIBC Convention delegates.

MARCH 1989

Tom Jordan, a 22-year-old lefthander, broke new ground by rolling a record three game 899 and four game 1198 series in Union, N.J. In addition, he and partner Ken Yonker Jr. smashed the two-man series record with 1655. Jordan left only solid 10 and 7 pins in his second and fourth games and topped the previous three game 886 record set in 1939 by Brandt and tied in November 1988 by Landry.

Integrity proved the key word at the 1989 ABC Convention as delegates chose to uphold that time-honored value in making its decisions on 30 legislative proprosals. The delegates retained the existing lane dressing rule option allowing lane dressing in any manner up to 24 feet provided there is dressing from edgeboard to edgeboard. But they rejected action which would have established dressing application limitations across the lanes. They approved the resolution creating the USTBF and strongly rejected proposals to sanction modified games of tenpins such as no-tap, 3-6-9 and scotch doubles in leagues and tournaments. They elected Dobs as the eighth Executive Secretary-Treasurer to a three-year term succeeding Roger Tessman who retired and became a Life Member of the Board. They also elected Max Skelton of Ada, Okla. as President Elect, Duncan Macpherson of Albany, N.Y. as Ninth Vice President and Albert Sprang of Cincinnati, Thomas Baxter of Indianapolis and Jim Walsh of Osakis, Minn. as new Jurisdictional Directors.

Tountas, Pluckhahn, Pappas and Lippe were inducted into the ABC Hall of Fame during special ceremonies at Wichita's Century II Convention Center.

Wichita's Lonnie Waliczek was named the 10th recipient of the Chuck Hall Star of Tomorrow Award.

ABC Hall of Famer Russ Gersonde died March 23 at age 81.

APRIL 1989

To attract more collegiate bowlers into the Young American Bowling Alliance, the program was restructured into two distinct programs. One will target intramurals, physical education classes and the recreational bowler. The other will address the intercollegiate bowler who is the more competitive and dedicated individual.

MAY 1989

Eugene Adams' term as ABC President ended when Boyd Pexton officially took over May 1. Dobs also officially took over ABC's top administrative job on that date.

Mike Aulby of Indianapolis earned $43,600 when he won the ABC Bud Light Masters title by defeating Mike Edwards of Tulsa, Okla. 211-207. The win put Aulby over $1 million in career earnings, gave him the all-time single-season money standard with more than $238,000 (which increased later in the season) and marked his second major victory of the year after capturing the BPAA U.S. Open in April.

A total of 182 ABC seniors from the U.S., Canada and Puerto Rico competed in the National Seniors Championships in Wichita.

John Beldy of Bryant College won the all events championship in the Association of College Unions-International in Wichita.

Chilton Vending of Wichita held on to win the team title in the 1989 ABC Tournament. Other champions were: Paul Tetreault of Claremont, N.H., singles; Gary Daroszewski and Gus Yannaras of Milwaukee, doubles; George Hall of Mundelein, Ill., individual all events; Browning Pontiac No. 2 of Cincinnati, team all events, and National By-Products of Wichita, Booster team. All except National By-Products had record-setting totals and the 103-day Tournament finished with 61 300 games, including 17 in the Masters.

JUNE 1989

The U.S. men captured three gold medals while the women captured all but one title in the 10th FIQ American Zone Championships in Wichita. Meisel and Ann won the prestigious Masters golds by defeating teammates Briggs and Graham. Vadakin and Graham captured the all events golds while Mohr, Lewis and Vadakin captured the men's trios title, equalling the feat of Ann, Graham and Abair on the women's side. McMullen earned gold in women's singles while the U.S. women did likewise in the team event.

During the FIQ biennial meetings, Tessman was re-elected FIQ President. Five nations were elevated to regular membership, bringing the FIQ number of regular members to 78.

Retired ABC Executive Secretary-Treasurer Ken Hurley died June 9 at age 72.

Pexton told Bowling Proprietors Association of America Convention delegates ABC endorsed a Gallup Organization study on the overall decline in bowling. The study cited bowling's competitors as "Watching and Not Doing," "Bowling Itself" and "The Center." The study said a 1987 marketing plan prepared for the National Bowling Council was the best strategic vision for the industry.

JULY 1989

ABC membership for the 1988-89 season finished at 3,165,471 men who competed in 117,469 leagues, 2,799 local associations and in 8,103 ABC/WIBC certified centers.

1989 ABC Convention Annual Meeting Condensed Minutes and Proceedings

The following are the condensed minutes and proceedings of the 1989 American Bowling Congress Convention held in the Century II Convention Center, Wichita, Kan. on March 17, 1989.

ABC President Gene Adams called the meeting to order at 9 a.m. by greeting the delegates and introducing the officers. National anthems of United States and Canada were sung and colors posted. A memorial service to ABC members who died during the past year was held. A short recess was held at 9:15 a.m. to allow arriving delegates to be seated.

Adams called the delegation back to order at 9:17 and introduced Wichita Mayor Sheldon Kamen, who welcomed the delegates

Adams read a proclamation from the State of Kansas making March 12-18 American Bowling Congress Week.

Women's International Bowling Congress President Gladys Banker, Bowling Writers Association of America President Walt Steinsiek, Bowling Proprietors Association of America President Don Hillman and Professional Bowlers Association Commissioner Joe Antenora addressed the delegates.

National Bowling Council President Thomas Parker presented a video program on NBC activities and introduced ABC Education Manager Ed Baur who introduced a video designed to keep first year bowlers from dropping out of leagues.

National Bowling Hall of Fame and Museum Executive Director Gerald Baltz gave an update of the Hall of Fame to the delegates.

Adams introduced Young American Bowling Alliance Executive Director Ed Clarkson who addressed the delegates and presented Chuck Hall Star of Tomorrow Award winner Lonnie Waliczek. Adams presented Waliczek with a $4,000 scholarship ($1,000 renewable for each year) and a trophy clock. Waliczek thanked the ABC, YABA and delegates.

Ten local associations were called in front of the delegates by President Elect Boyd Pexton and presented with the Five-Year Service Award by Adams. The associations were: Austin, Texas; Central Connecticut; Colorado Springs, Colo.; Ft. Worth, Texas; Lubbock, Texas; Siler-Rand, N.C.; Sioux City, Iowa; Southwest Florida; Wayne-Westland, Mich., and Whatcom County, Wash.

ABC Assistant Secretary-Treasurer Burt Kellermann was called on for the roll call and said that as of 9:30 1,156 delegates registered creating a quorum. Reading of 1988 minutes was dispensed and minutes were accepted.

MR. ADAMS: It is a privilege to serve as your President during this historic 1989 season.

This season has marked tremendous cooperation and outstanding competition for the sport of bowling. Participating in the Columbia 300 Pro-Am Tournament leading into the ABC Bud Light Masters last May was a wonderful start to a fulfilling season. It was a great week of watching the best bowlers in the world, along with the collegiate championships, and the ever-growing National Seniors Championships, which gave me an opportunity to see what a wonderful sport bowling is for all ages and abilities.

Throughout the summer and fall months, all of the ABC Officers became an integral part of the Jamboree and Local Association/ Proprietor Panel gatherings where ABC offered everyone an opportunity to discuss issues for the betterment of the sport. These programs enabled ABC to promote programming that will enhance membership.

Aug. 1 marked the beginning of the joint effort between ABC and WIBC in the Equipment Specifications Department. ABC is most appreciative of WIBC's professionalism in making the smooth transition to this new joint department. This will allow us to better serve the industry for the benefit of all.

August also began a whirlwind time for international competition. First, we completed the TEAM USA portion of the Pre-Olympic competition in Melbourne, Fla., when Wichita's Mark Lewis became the U.S. representative along with Debbie McMullen for the WIBC.

A few days later in Apopka, Fla., both Mark and Debbie led their respective Zones and qualified for the Summer Olympics in Seoul, South Korea, in September.

The following week, the TEAM USA Finals in Milwaukee produced a 1989 team which will bowl here in Wichita May 27 through June 3 in the Federation Internationale des Quilleurs American Zone Championships.

Competitive bowling was getting well into my blood as we flew across the Pacific to Korea for what truly was, for us, to be the event of the year. Bowling was making its first official entrance into the Olympics and the setting and the competition were both of the highest quality.

It is difficult to determine which was a greater moment, watching our bowlers parade in the Olympic opening ceremony, or watching the medals placed around the necks of our first Olympic champions — a young man from Korea and a young lady from the Philippines. Both were truly moving moments that reassured me that bowling must continue its drive towards Olympic medal status. Our bowlers, and those around the world in all 77 FIQ member nations, deserve to be a part of the Olympic Games.

Back on our own land, the democratic process of our committees was well underway. My attendance, and that of President Elect Boyd Pexton, at virtually every ABC committee meeting, reminded me of how much time and dedication our Board of Directors gives to bowling. Trust me when I tell you that the men who serve you as members of the ABC Board of Directors are fine, caring people who give of themselves through time, energy, and talent for no financial compensation. They care about you, the bowlers, and our great sport.

Our fall Board meeting provided an excellent opportunity for exchanges of ideas and thoughts and brought about the first formalized educational program for our board members. My recommendation will be to continue the educational process for our board members because it not only makes them more effective board members, but it gives ABC a way to add to each member personal knowledge and confidence.

It was a great personal pleasure to attend the Association Trends national awards luncheon in Washington, D.C. in January and to accept the first place plaque on behalf of our Public Relations Department for its production of the ABC's Association Briefing. The Briefing allows every association board member the opportunity to be updated on all types of information relating the ABC's business, nine times annually in a fresh, colorful format.

Our efforts with WIBC to form one umbrella organization to be collectively identified as the national governing body for national and international competition is progressing well. The United States Olympic Committee notified us that there must be one national governing body for our sport. Thus, our need to work with WIBC to form that group which will deal specifically with USOC matters.

While my term does not conclude until April 30, this week will be the true highlight of my year as President. Presiding over the wonderful people of bowling is an honor. Being able to meet with you throughout the week, and to discuss your concerns and sharing the successes is gratifying.

My heartiest appreciation goes to the ABC Board of Directors and to the staff at our Greendale, Wis. headquarters. You can be proud of our staff which goes above and beyond the call many times throughout the year for the benefit of the bowlers.

And a special thanks to our retiring Executive Secretary Roger Tessman and soon to be retiring Assistant Executive Secretary Burt Kellermann for their long dedication to ABC. Your services are appreciated and you will be missed.

And finally, to my family, thank you for allowing me the time to be away from home to serve the bowlers of America.

At this time, I would like to have the report of the Executive Secretary-Treasurer and the Assistant Executive Secretary to be given by Burt Kellermann.

MR. KELLERMANN: Gentlemen, our report is published and there's no need to take the time to read it to you this morning. Roger and I do ask that you read it yourselves and that you take it home with you and share it with your fellow board members who are not able to be with us here today. Roger Tessman, your Executive Secretary, is not able to be with us here today. For those of you who may not have heard, Roger, because of an eye problem, his doctor advised him to have limited activity for a period of 30 days.

While he cannot be here with us today, he does expect to return to his office in early April. I talked to him last night and he is fine. His problem is clearing up, and he does expect to return in excellent health. He did send a letter and he asked that I read it to this assembly.

"I am sorry I am unable to be with you today and thank you for the opportunity to work for and with you since Sept. 1, 1960. It has been a wonderful experience to have a job you love and great people to work for and with. For all, the goal has been, and I am sure that it will continue to be, to keep ABC the greatest sports organization in the world.

"How does one properly thank a group of men who give of their time to make bowling enjoyable for 3.2 million members? Words of thanks alone are not enough. While I know you and your counterparts in the ABC's

state, provincial and local associations are interested in results, not recognition, I believe recognition is in order. For the men that serve on the Board of Directors of ABC's 2,819 chartered associations, the 113 ABC officers, directors, life and honorary members, and the ABC staff of 150 women and men, 2,819 plus 113 plus 150 totals 3,082. My thanks to all that make up this total, and in tribute to you, again, I would like Burt Kellermann to present our check in the amount of $3,082 to Jerry Baltz, Executive Director of Hall of Fame Museum."

I presented that check to Jerry a few moments ago. Thank you again for your support, assistance, and guidance over the years. See you in Reno in 1990.

MR. ADAMS: The next item on the morning agenda is the presentation of committee reports. Once again, all reports are published for you to read and we are not going to go through them. We will, however, take a few minutes for a special update from the Equipment Specifications Committee. And I would like to introduce at this time ABC Director Robert Halleen.

MR. HALLEEN: On behalf of the ABC/WIBC Equipment Specifications Committee, it's my pleasure to provide you with an update of the published report of the committee on technical issues. Our activities have been directed at maintaining the standards for playing. This means we must evaluate technological improvements that the bowling manufacturers offer to the sport and to ensure that such changes do not diminish the skill element of the game. Technological improvements are as natural as the environmental evolution, even in sports. For nearly 100 years, our organizations have witnessed a change in the sport of bowling, from wood bowling parts, from wood lane finishes, to the current synthetics, solid wood bowling pins to the laminated plastic pins of today and much more.

One such change has been the adoption of two alternatives of a lane dressing distribution rule three years ago at the convention. Since a dramatic increase in the scoring level followed, there was a belief that the skill level required by the bowler was diminished. Thus, in cooperation with the bowling industry, we at ABC and WIBC began a technological evaluation of all the factors potentially affecting this scoring level. This evaluation has been the basis for previous proposed legislative changes.

First, two years ago, studies had shown that a decrease in the length of lane dressing being applied brought the first legislative change. This reduced the distance from 26 to 24 feet. However, results from the following season point out that our studies focused on only one aspect of the rule. While we shortened the distance of dressing, the use of distribution patterns and dry outside boards continued the scoring escalation. Last year we proposed an amendment of lane dressing from edgeboard to edgeboard for both alternatives. This proposal is based on field and laboratory data which indicated that dressing across the entire lane reduced the potential in scores. Current seasons' awards scoring trends have confirmed the positive action you took last year. Since the implementation of the edgeboard to edgeboard rule, the number of award score applications nationwide has been reduced by more than 15 percent compared to the same time last year.

The second part of that legislation dealt with a proposal of the limitation of distribution of lane dressing across the lane, as well as a minimum application of dressing. This amendment, as I remember, was proffered last year for additional study. Since last year's convention, our studies have established that the specific minimum requirement of dressing would be difficult to uniformly enforce or maintain.

Further, we provided you through the ABC/WIBC update with the results of the tests showing that the six, eight and 10 unit lane dressing rule, the distribution requirement provided no more control over scoring potential than dressing previously applied to the outside board. The committee's rejection of the amendment of the last three years has been on the study of these lane dressing rules. This has overshadowed, in effect, the other technical aspects of the game, that being the entire physical system.

What we have studied this past year, in addition to the lane dressing, is the balls and the pins. These studies have provided a better understanding of how other segments affect the overall playing environment, but we have not established each segment's total impact on the system. As a perfect example, I mentioned earlier this morning the current ABC Tournament has approved bowling pins, has balls which meet specifications, certified lane beds and a controlled distribution of dressing well within the Alternative 1 requirement. However, you may have noticed the level of performance is much higher than any previous tournament with similar controls.

It's clear, gentlemen, the physical system of bowling requires a better understanding of all elements; lane dressing distribution distance, bowling balls, bowling pins, and the entire lane surface. Therefore, our committee has turned its attention to better control of the entire system instead of targeting just one segment. To understand our committee's plan for the coming year, it's important to review the kind of controls our organizations have on this system.

First, the lane dressing application is controlled by distribution using approved devices or by distance. This is a part of the system over which you, the delegates, have specific legislative controls.

Second, the bowling pin is controlled for physical specifications such as dimensions, balance and weight and controlled by performance specifications for scoring potential. Any modification to this segment of the system requires testing and approval by ABC and WIBC before implementation.

Third, the synthetic lane surface of the deck area is also controlled by physical specifications and performance testing.

Fourth on the list is the bowling balls, and this is subject to very limited controls and this is one segment of the physical system of bowling that the committee has targeted for action. As our report indicates, our first step is legislation scheduled for introduction at the 1990 conventions, requiring approval of all bowling balls by ABC and WIBC for complying with present physical specifications. Current research that we have done has involved bowling ball deflection, the effects of ball imbalances, ball and pin spin interaction and a potential hooking as it relates to the ball surface friction. Further research is directed towards various effects of various other properties of a potential scoring performance of the bowling balls. We expect that the information from these studies will result in reasonable performance limitations on the ball.

Finally, lane finishes are virtually uncontrolled. Since the lane surfaces are an integral part of our sport, the relationship between the ball and lane finishes were run concurrently with the performance testing of the bowling ball. Contact has already been made of the finish manufacturers to the first step in this ball and lane interaction study. We've gathered information about the physical system of bowling. From this information, we determined the changes in one segment of the system way be circumvented or offset by advancement in technology. In another segment, a case in point, the application of lane dressing may easily be offset or even a different lane finish. Until the relative importance of all these interactions can be determined, piecemeal actions by us will serve little purpose. Therefore, our committee's plan is to improve the controls over the entire system and learn what effect, if any, each segment has on the total playing environment.

Your support is solicited for rejection of the deferred amendment, not as a statement that the current lane dressing rule is right or wrong, but as an acknowledgment that incomplete legislative action would not control the entire system. Also, your cooperation is requested in allowing a status quo to be maintained in a bowling industry, allowing the technical area of our organizations to determine the effects of all the segments and not be only concerned by a single segment. Gentlemen, on behalf of the Equipment Specification Committee, I would like to thank you and ask for your continuing support and cooperation. Thank you for your attention.

MR. ADAMS: We will have a brief update from the ABC Planning Committee that will be presented by Vice President Larry Schafer.

MR. SCHAFER: Gentlemen, most of the information is in your booklet this morning; however, the committee felt that we should update you on the status of the Critical Issue survey that some of you participated in and what is being done with it. Also, for those involved, you will be receiving a summary of the survey results within the next few weeks. We have taken all the issues and placed them in three primary areas: Membership, organizational structure and integrity. With that, we then determined that we should have another Participative Planning process and focus on membership. That was started this past Sunday with the members of the Officers, Planning, Membership, Marketing and Public Relations, Equipment Specifications and Finance and Budget Committees. The first session was outstanding. We dealt with the membership issue and what we, as a service organization, can do to enhance it. Goals were established to accomplish this, and in our next Participative Planning session, we will develop the methods of obtaining these goals; of course, with your help. Thank you. Reports were accepted.

MR. ADAMS: We will now go into the Nominating Committee report and I will ask Past President Mr. Ed Sweeney to give that report.

MR. SWEENEY: By virtue of the action taken by the delegates at the convention last year, Boyd Pexton will become President of the American Bowling Congress on May 1 without any additional legislation or elections. Your Nominating Committee submits the names of the following individuals as candidates for various offices commencing May 1 for a period of one year.

Wissmuller, Dearborn, Mich.; Richard A. Yoakum, Columbus, Ohio, and George Zeidell, San Diego, Calif.

And a term for three years beginning with May 1, 1989, for Executive Secretary-Treasurer, Darold Dobs, Caledonia, Wis.

For Past President Life Member Eugene E. Adams, Cincinnati, Ohio.

For service on the board nominated for life members Wesley G. Kidwell, Indianapolis, Ind. and Roger H. Tessman, Greendale, Wis.

For honorary member Richard W. Finke, Minneapolis, Minn.

Respectfully submitted by the ABC Nominating Committee.

MR. ADAMS: We have heard the Nominating Committee's report. Are there any nominations from the floor?

Nominations were closed.

Election procedures were announced by Kellermann with ballot boxes open until 2:30 p.m. Adams called recess at noon until 1:30 p.m.

Adams called the afternoon session to order at 1:30 and announced 1,288 delegates were present. He introduced Legislative Chairman Jim Lusk to conduct afternoon legislative session. Following are the actions of the delegates.

ACTION ON AMENDMENTS

Considered In Annual Convention March 17, 1989-Wichita, Kansas

All legislation adopted at this convention effective Aug. 1, 1989, unless another effective date is specified. Page numbers refer to the ABC RULE BOOK.

SECTION 1
Amendments Adopted

Amendment 2

Article 14-Amendments-Board Authority-Specification Amendments, Item a, Paragraph 2, ABC Constitution, Page 11, ABC Rule Book.

Proposal: Delete all but the first sentence in this paragraph.

Effect: Provides that proposals to alter of modify specifications contained in Article 14 Item A (1-8) be submitted to the Equipment Specifications Committee.

Recommended for adoption by Board of Directors.

Delegates Action: Amendment adopted.

Amendment 7

Article 10, Item f, Standing Committees, Equipment Specifications Committee, ABC Constitution, Pages 8-9, ABC Rule Book.

Proposal: Delete last paragraph in its entirety and substitute the following:

For and on behalf of the board of directors, it shall review and make final decisions on all requests for new items of equipment on which ABC/WIBC approval is required.

Effect: Provide authority to the Equipment Specifications Committee to approve new products meeting criteria established by ABC/WIBC boards of directors and/or delegates.

Recommended for adoption by Board of Directors.

Delegates Action: Amendment adopted.

Amendment 8

Item a - Life and Honorary Membership-ABC, ABC Constitution, Page 9, ABC Rule Book.

Proposal: In item a(2) change "as a director of the Congress" to read "as a member of the board of directors of the Congress"

Effect: Allow anyone serving 20 years or more as a member of the ABC board of directors to be elected to life membership.

Recommended for adoption by Board of Directors.

Delegates Action: Amendment adopted.

Amendment 9

Article 12, Item a - Life and Honorary Membership-ABC, ABC Constitution, Page 9, ABC Rule Book.

Proposal: In item a(3) of this section, following "An ABC secretary" insert "or an ABC assistant secretary".

Effect: Allow retiring ABC Assistant Executive Secretary-Treasurer to be elected to life membership.

Recommended for adoption by Board of Directors.

Delegates Action: Amendment adopted.

Amendment 10

Article 14, Amendments, Item d, Specification Changes-Interim Authority, ABC Constitution, Page 12, ABC Rule Book.

Proposal: Delete item d in its entirety and substitute the following: Specification Changes - Final Authority - Interim Authority

The Equipment Specifications Committee, acting for and on behalf of the boards of directors of ABC and WIBC, is authorized to have final authority to alter or change any specification covered in Section a of this Article.

It is also authorized to make interim revisions or additions to the lane dressing application provisions of Article 16, Item d and all equipment or measurement specifications. All such interim revisions must be submitted to the ABC and WIBC delegates at their next conventions and must be approved by both in order to remain effective.

Effect: Authorize the Equipment Specifications Committee to have final authority over specifications contained in Article 14, Items a(1) through (8). Further, the committee shall have interim authority to change all other equipment and material specifications with such interim changes submitted to the ABC and WIBC delegates at their next conventions.

Recommended for adoption by Board of Directors.

Delegates Action: Amendment adopted.

Amendment 13

Article 5, Item a, Annual Tournament-Local Association, Local Association Constitution, page 27, ABC Rule Book.

Article 3, Item a, Annual Tournament-State Association, State Association Constitution, page 35, ABC Rule Book.

Proposal: Delete the last sentence of paragraph 3 of Article 5, Item a, Annual Tournament-Local Association in its entirety.

Delete the last sentence of paragraph 2 of Article 3, Item a, Annual Tournament-State Association in its entirety.

Effect: Remove restriction that local and state associations may only provide awards to winners of respective championship tournaments in the name of the association.

Recommended for adoption by Board of Directors.

Delegates Action: Amendment adopted.

Amendment 14

Article 8, Item i(1), Average Record Maintenance, Local Association Constitution,

Page 30, ABC Rule Book.
Proposal: In Article 8, Item i(1) delete the remainder of the paragraph after the words, "in which he participated." and substitute the following:
"in regular winter season, also those bowlers who participated in 21 games or more in summer leagues, that had no official average in the winter season."
Effect: Recognize averages established in summer leagues only when the bowler does not have an official regular season average.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted to become effective immediately upon adoption.

Amendment 16

Article 11, Item k(2), Representation At Council Meetings, Local Association Constitution, Page 33, ABC Rule Book.
Proposal: Delete the Quorum requirement, and substitute the following:
Quorum – 25 percent of the delegates, but never shall more than 26 delegates be required.
Effect: Require a quorum to be 25% of the delegates.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted.

Amendment 17

Article 4, Organization and Government-State Association, State Association Constitution, Page 36, ABC Rule Book.
Proposal: Reletter current Items f through m to g through n. Add a new Item f as follows:
Life membership may be granted by the council of delegates but shall be non-voting unless otherwise provided in the bylaws.
Effect: Authorize state association delegates to grant life memberships with such membership being non voting unless otherwise provided by bylaws.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted.

Amendment 18

Article 5, Item d(1), Vacancies in Office-State Association, State Association Constitution, Page 37, ABC Rule Book.
Proposal: Delete the last sentence of Item d(1).
Effect: Require all vacancies filled by the president to be subject to the approval of the board.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted.

Amendment 19

Article 5-Officers-State Association, State Association Constitution, Pages 36-37, ABC Rule Book.
Proposal: Add the following as new Items e and f:
Removals From Office-State Association
e. When an officer or director is accused in writing of failure to do his duties properly, the board shall conduct a hearing within 30 days and report its recommendations to the ABC secretary.
If the board fails to act, or if irregularities are reported to the Congress, the president of the Congress shall appoint a committee from the board to conduct a hearing and report its recommendations to the ABC secretary for action by his office or reference to the ABC Legal Committee for a decision.
f. When, in the judgment of the association board, the secretary, the assistant secretary or the treasurer, through disability or prolonged illness is unable to do the duties of the office, it may, by a two-thirds vote, declare the office vacated.
Effect: Establish removal from office procedures for State Associations.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted.

Amendment 20

ABC Rule 18, Other Foul Line Points, Page 42, ABC Rule Book.
Proposal: Delete "the officials of any local association, upon authorization by their board of directors" and insert "the local association joint certification and inspection committee."
Also delete "painted" and insert "marked."
Effect: Provide authority to the Joint Certification and Inspection Committee to determine when the foul line must be extended to walls, posts or other structures in the bowling establishment. Further, in such instances, require that foul line be "marked" not "painted".
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted.

Amendment 24

ABC Rule 54, Item c, Inspection And Reporting Procedures, ABC Awards, Pages 49-50, ABC Rule Book.
Proposal: Delete Item c in its entirety and substitute the following:
c. The local association inspection coordinator or authorized representative shall:
(1) Make a lane dressing inspection of the lanes on which the score was bowled as soon as possible, but not later than the following noon. This inspection shall include, at a minimum:
A. For at least one of the lanes, three tapes per lane for Alternative 1 and two tapes per lane for Alternative 2, obtained by using an ABC/WIBC approved lane dressing take-up device;
B. For both lanes, performance of the visual test for both alternatives;
C. For at least one of the lanes, performance of three smear and tactile tests for Alternative 1 and two smear and tactile test for Alternative 2;
D. Completion of a written lane dressing inspection report on a form provided by ABC/WIBC.
(2) Give a copy of the lane dressing inspection report to center management before leaving.
(3) Measure the gutter depths of both lanes on which score was bowled and inspect and weigh at least 11 of the very pins used from each lane for compliance with the physical specifications within 72 hours after the score was bowled.
(4) Submit the original lane dressing inspection report and a report regarding gutter depths and pins to ABC/WIBC as soon as possible. If a Certificate has not been issued to a center for the current season, the report shall include three surface depression and crosswise tilt measurements for each lane.
The requirements of item c do not apply to team single game and three game series scores if the association already has three higher approved team scores in the specific category that season.
Effect: Establish separate criteria for the inspection of lanes following the bowling of an award score dependent upon the choice of lane dressing alternative.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted.

Amendment 26

Rule 102e, Secretary-Duties, ABC League Rules, Page 55, ABC Rule Book.
Proposal: Add a new paragraph, between the current third and fourth paragraphs, to read as follows:
He shall keep minutes of all league meetings, have charge of and conduct the correspondence of the league and notify the members and team captains of all league meetings.
Effect: Require the league secretary to conduct all correspondence on behalf of the league, notify the members and team captains of all league meetings and keep the minutes of all league meetings.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted as amended. In the second paragraph following the word "members" change the word "and" to "or."

Amendment 27

ABC Rule 101f, Collegiate Membership, Page 54, ABC Rule Book.
Proposal: In paragraphs 2, 3 and 4, replace the words "Collegiate Division" with the words "Intercollegiate Program."
Add a new fifth paragraph as follows:
Campus Program members may apply for ABC membership by joining an ABC sanctioned league or on an unattached membership basis as provided in Article 5, Section C of the ABC Constitution. Each individual Campus Program member shall pay annual ABC and local association dues.
Effect: Delineate procedures by which YABA Collegiate Division and Campus Division members become members of the ABC.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted.

Amendment 28

No present rule.
Proposal: Add a new Rule 123 as follows:
Position Matches
Rule 123. Leagues may adopt a rule to include position matches in the schedule. Teams shall be paired in accordance with their position standings in the league, and games bowled shall count as won and lost.

Unless otherwise provided by league rule, ties for position standing pairings shall be determined by draw or coin toss.
Effect: Establish provisions concerning the manner in which position matches will be scheduled and conducted.
Recommended for adoption by Board of Directors.
Delegates Action: Amendment adopted.

Amendment 30

ABC Rule 363b, Reporting of Prize Winnings, page 71, ABC Rule Book.
Proposal: In the second sentence after the word "for," delete the words "a prize of $300 or more in any event in a tournament," and substitute the following:
A cash and/or merchandise prize of $300 or

more in the position standings prize list in any event in a tournament including all events, special features, special prizes and donated prizes

Effect: ABC Rule 363b, Reporting of Prize Winnings. Clarify bowler's obligation to report previous tournament prize winnings as a condition of entry in tournament competition.

Recommended for adoption by Board of Directors.

Delegates Action: Amendment adopted.

Amendment 21

ABC Rule 389, Rebowling Tournament Game or Frame(s), page 74, ABC Rule Book.

Proposal: Delete Rule 389 in its entirety and substitute the following:

Unless prohibited by rule, a tournament game or frame(s) within a game that is irretrievably lost in the scoring process may be rebowled with approval of tournament management. The decision of tournament management shall be final except where an appeal is made to the ABC for further consideration.

Effect: Allow rebowling of games or frame(s) lost during the scoring process provided such rebowling is authorized by tournament management.

Recommended for adoption by Board of Directors.

Delegates Action: Amendment adopted.

SECTION 2
Amendments Deferred for One Year

Amendment 12

Article 7, Item f, Events and Rules - ABC Tournament, ABC Championship Rules, Page 20, ABC Rule Book.

Proposal: Delete Item f in its entirety and substitute the following:

Booster Division - Definition

f. Booster Division shall consist of a five-man team, doubles, singles and all- events competition.

The booster division is reserved for any ABC member who is not identified as a professional under Items e(1) or (2) and average is not more than 180 for singles and all-events, 360 combined for doubles and 900 combined for team event.

Effect: Raise the booster division team average maximum to 900. Create a booster division in singles, doubles and all events competition.

Board of Directors recommended action on this amendment be deferred until the next Annual Meeting of the Congress.

Delegates Action: Defer action on this amendment until the next meeting of the Congress.

REASON FOR DEFERRAL:

To allow time for further study of the ramifications of the proposal on entries, scheduling and prize ratios. Further, no final action should be undertaken until the opinions of the current tournament entrants are known and evaluated through the survey currently being conducted.

Amendment 21

Bowling Ball - Balance, ABC Equipment Specifications, Pages 47-48, ABC Rule Book.

Proposal: Delete Items 1 and 2 in their entirety and substitute the following:

(1) For a ball weighing 8 pounds or more:

A. Not more than three ounces difference between top of ball (finger hole side) and the bottom (solid side opposite finger holes).

B. Not more than one ounce difference between the sides to the right and left of the finger holes or between the sides in front and back of the finger holes.

(2) For a ball weighing less than 8 pounds:

A. Not more than 3/4 ounce difference between the top of ball and the bottom.

B. Not more than 3/4 ounce difference between the sides to right and left or between front and back of finger holes.

Effect: Allow three ounces top weight and one ounce side weight, right to left of finger holes or front to back of finger holes for bowling balls weighing eight (8) pounds or more.

Board of Directors recommended action on this amendment be deferred until the next Annual Meeting of the Congress.

Delegates Action: Defer action on this amendment until the next meeting of the Congress.

REASON FOR DEFERRAL:

To allow time for an indepth study of the bowling ball specifications as they relate to this segment of our membership.

SECTION 3
Amendments Rejected

Amendment 1

Article 10-Standing Committees, Item f, Equipment Specifications Committee, ABC Constitution, Pages 8-9, ABC Rule Book.

Proposal: Add an additional paragraph:

The committee also is authorized to take actions granted the board in Resolutions R5 and R6.

Effect: Authorize Equipment Specifications Committee to take action with respect to resolutions R5 and R6.

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

Amendment 10 which pertains to the same matter, has been recommended for adoption.

Amendment 3

Article 14-Amendments-Specifications Changes-Interim Authority, Item d, ABC Constitution, Page 12, ABC Rule Book.

Proposal: In paragraph 1 change the boards of directors of ABC and WIBC to "the Equipment Specifications Committee."

In paragraph 2 change "approved by the boards" to "approved by the Committee."

Effect: Provides the Equipment Specifications Committee interim authority to amend other specifications.

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

Amendment 10 which pertains to the same matter, has been recommended for adoption.

Amendment 4

Article 16, Bowling Center Certification, Item d(1), Retention, ABC Constitution, Page 14, ABC Rule Book.

Proposal: Effective August 1, 1989 under Item d delete (1) in its entirety and substitute the following:

(1) All dressing used for sanctioned competition must meet ABC/WIBC specifications. A minimum of 3 units of dressing must be distributed from edgeboard to edgeboard for the entire distance it is applied. Following any application, dressing distribution across the lane also must comply with one of the following alternatives:

1. If dressing is applied beyond 24 feet from the foul line, the variance in amount may not exceed 2-1/2, 3-1/2 and 4-1/2 units across any span of 1, 3 and 5 boards respectively.
2. If no dressing is applied beyond 24 feet from the foul line, the variance in amount may not exceed 6, 8 and 10 units across any span of 1, 3 and 5 boards respectively.

Any stripping (cleaning) of dressing from the lanes must be uniform from edgeboard to edgeboard and at least from the headpin to the distance to which dressing has been applied.

A board is defined to be 1⅛ inches wide. A unit is defined as a measurement of dressing film thickness equivalent to .0167 cubic centimeters of dressing per square foot of lane surface as measured by ABC/WIBC approved lane dressing measuring equipment.

Each certified bowling center must file a written notice of its choice of one of the foregoing alternatives with the local association inspection coordinator. To change its alternative, the center must file another advance written notice.

For sanctioned tournaments, the alternative must be chosen in advance by mutual agreement between the center and the tournament management, and may not be changed during the entire tournament.

Effect: Establish new requirements concerning the manner in which dressing must be applied under Article 16, Items d(1) and (2) of the ABC Constitution.

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

Extensive studies have established that the six, eight and 10 unit lane dressing provided no more control over scoring potential than dressing applied on the previously dry outside boards. The question of what a specific minimum should be has not been confirmed.

Current statistics show there has been an approximate 15% decrease in honor scores bowled nationally since August 1, 1988.

Amendment 5

ABC Rule 101a, Definition and Qualifications, Page 52, ABC Rule Book.

Proposal: Add a new fourth paragraph to read as follows:

ABC may also sanction leagues playing a modified game of American Tenpins, including but not limited to no-tap, 3-6-9, scotch doubles, Baker system, etc. All ABC rules shall apply, except those directly affecting the modified format. Games bowled using a modified format shall not be included in averages established for entry in standard American Tenpin competition. ABC award recognition will be provided as long as all conditions of award approval have been met.

Effect: Permit the sanctioning of leagues playing a modified game of American Tenpins providing ABC requirements remain in effect except those directly affecting the modified format.

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

Amendment 25 which pertains to the same matter, has been recommended for adoption.

Amendment 6

No present rule.

Proposal: Add a new Rule 325e to read as follows:

Rule 325e. A sanction may be granted for tournaments adopting modified formats of the game of American Tenpins. All ABC-/WIBC equipment specifications shall apply. ABC rules also shall apply, except those directly affecting the special format.

Such formats may include but are not limited to no-tap, 3-6-9, scotch doubles, Baker System and other formats approved by ABC. ABC award recognition will be provided as long as conditions of award approval have been met.

Effect: Permit sanctioning of tournaments playing a modified game of American Tenpins providing ABC requirements remain in effect except those directly affecting the modified format.

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

Amendment 29 which pertains to the same matter, has been recommended for adoption.

Amendment 11

Article 7, Item e, Events To Be Held - ABC Tournament, ABC Championship Rules, Page 20, ABC Rule Book.

Proposal: Add the following as a new Item e(2). Renumber current Item e(2) as Item e(3):

(2) Any ABC member who, although not classified as a touring professional under Item e(1), participates in at least 50% of the regular professional tournaments of his membership organization from the preceding August 1 through his scheduled date of participation in the ABC tournament, shall also be ineligible to bowl in any of the regular division events.

Add the following as new Items e(4) and (5):

(4) A professional bowler who gains professional status in a seniors division (50 years of age and older) shall be entitled to bowl as a regular division bowler without restrictions unless he qualifies under Item e(1) or (2) In such case the player is not eligible to compete in the regular division events.

(5) A senior division professional bowler who makes the field of 24 finalists in two regular division professional tournaments in the year immediately preceding his participation in the ABC Tournament, or has been in the field of 64 finalists of the ABC Masters Tournament in two of the three previous Masters Tournaments, will be subject to the restrictions of Item e(3).

Effect: Declare any ABC member who participates in at least 50% of the regular PBA tournaments from the preceding August 1 through his scheduled date of participation ineligible to compete in the regular division events. Allow PBA senior division members, age 50 or older, to bowl in the regular division without restriction, unless classified as a touring professional or have applied for membership in a professional organization. Require a PBA senior division member who has made the 24 man finals in two regular PBA tournaments within the year preceding his date of scheduled participation, or has made the 64 man finals in two of the preceding Masters Tournaments to be subject to the restrictions of Article 7, Item e(3).

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

A professional bowler is a professional bowler regardless of age. When an ABC member chooses to become or remain a professional bowler, he is aware that in doing so, there may be a restriction on his participation in local, state or national championships.

If adopted, the proposal would allow five professional bowlers to participate on the same team.

Amendment 15

Article 8, Item i(1), Duties Of The Board of Directors - Local Association, Average Record Maintenance - Local Association Constitution, Pages 30-31, ABC Rule Book.

Article 3, Item e - Annual Tournament - State Association, State Association Constitution, State Senior Championships, Pages 35-36, ABC Rule Book.

Proposal: Add the following to Article 8, Local Association Constitution, as a new Item i(5):

(5) The indication of an (°) for an average set by bowling left handed.

Add the following to Article 3, State Association Constitution, as a new Item e and reletter the present Item e as f:

e. When a bowler enters a state tournament, his entering average must comply with the tournament's entering average rule. He shall also indicate whether it is a right or left handed average, and shall bowl all games in the tournament with the hand that was used in establishing the entering average.

Effect: Require the local association to indicate with an (°) averages established with the left hand. Require a bowler entering the state tournament to indicate which hand was used to establish his entering average and use that hand for all tournament games.

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

Presently, tournaments may, by rule, require bowlers to report both left and right handed averages as well as require participants to use one designated hand.

Requiring league secretaries to designate with which hand an average was established would create an unnecessary burden on league and association secretaries and would be difficult to enforce.

Additionally, the proposal impacts a minimal number of bowlers and addresses only state association championship tournaments.

Amendment 22

Rule 51, Individual Awards, ABC Awards, Page 49, ABC Rule Book.

Proposal: Delete .. Single game score of 300.
Delete .. 800 or better in a three game series.
Add:

Rule 51a. A member is eligible for one lifetime award in each of the following categories:

Single game score of 300.

800 or better in a three game series.

The member is entitled to his choice of an award as provided by ABC in each category.

Effect: Provide for a once in a lifetime award for a 300 game and 800 series.

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

The reason for proposal infers that an upgraded award be issued. However, current information shows that the majority of honor scores bowled are first time accomplishments which would present a financial obstacle to allow a meaningful upgrade of the award.

While the proposal provides for a once in a lifetime 300 and 800 award, it continues to permit the 298 and 299 awards to be issued on an annual basis.

This will reduce our members opportunity to receive an ABC award which is not in keeping with our previous commitment to the awards program.

Amendment 23

ABC Rule 54, Inspection and Reporting Procedures - ABC Awards, Pages 49-50, ABC Rule Book.

Proposal: In Item c, add the following as new Items c(5) and c(6):

(5) The bowler must notify the league secretary and center management if he has not already had an award score approved in the category for which his score qualifies (300, 299, 298 and 800) during the same season.

(6) Items b and c of this rule are not required under the following conditions:

When an individual has already had an award score approved in the category for which his score would qualify (300, 299, 298 and 800).

When the association already has three higher approved team scores in the specific category that season.

Effect: Delete the notification and inspection requirements for honor scores if the bowler has already had an award score approved in the category for which the score qualifies.

Recommended for rejection by Board of Directors.

Delegates Action: Reject.

REASON FOR REJECTION:

The proposal does not address ABC Rules 50 and 51 which recognize all scores bowled in the same category providing the provisions of the ABC Constitution, Specifications and Rules have been met.

Further, the proposal is unworkable in that the local association may not have complete information (such as an award score bowled in a different association) available to determine if an inspection is necessary.

Amendment 25

ABC Rule 101a, Definition and Qualifications, Page 52, ABC Rule Book.

Proposal: Add a new fourth paragraph to read as follows:

ABC may also sanction leagues playing a modified game of American Tenpins, including but not limited to no-tap, 3-6-9, scotch doubles, Baker system, etc. All ABC/WIBC

equipment specifications shall apply. ABC rules also shall apply, except those directly affecting the modified format. Games bowled using a modified format shall not be included in averages established for entry in standard American Tenpin competition. ABC award recognition will be provided as long as all conditions of award approval have been met.

To become effective August 1, 1990.
Effect: Permit the sanctioning of leagues playing a modified game of American Tenpins providing ABC requirements including equipment specifications remain in effect except those scoring requirements directly affecting the modified format.
Recommended for adoption by Board of Directors
Delegates Action: Reject.

REASON FOR REJECTION:
The Congress should not become involved with formats outside the game of American Tenpins.

Amendment 29

No present rule.
Proposal: Add a new Rule 325e to read as follows:
Rule 325e. A sanction may be granted for tournaments adopting modified formats of the game of American Tenpins. All ABC-/WIBC equipment specifications shall apply. ABC rules also shall apply, except those directly affecting the special format.

Such formats may include but are not limited to no-tap, 3-6-9, scotch doubles, Baker System and other formats approved by ABC. ABC award recognition will be provided as long as conditions of award approval have been met.

Delete Resolutions R10a and R10b in their entirety, which appear on page 76. To become effective August 1, 1990.
Effect: Permit sanctioning of tournaments playing a modified game of American Tenpins providing ABC requirements remain in effect except those directly affecting the modified format.
Recommended for adoption by Board of Directors.
Delegates Action: Reject.

REASON FOR REJECTION:
The Congress should not become involved with formats outside the game of American Tenpins.

New Amendment

ABC Rule 54, Inspection and Reporting Procedures - ABC Awards, Pages 49 and 50, ABC Rule Book.
Proposal: Delete the last paragraph of item c in its entirety and substitute the following:

The requirements of items b and c do not apply to 299 and 298 games and team single game and three game series scores.
Effect: Delete inspections for 299 and 298 games and team single and series scores.
Recommended for adoption by Board of Directors.
Delegates Action: Reject.

REASON FOR REJECTION:
The 299 and 298 awards are a most important part of our awards program and the bowlers of such scores deserve the membership service provided through the inspection program.

Following the action on published amendments and resolutions, Lusk recognized Joe Farmer from Calumet, Ind. Farmer called for an amendment that would abolish alternative 2 in the lane dressing rule and require gutter to gutter application of lane dressing.

The motion was seconded by J. J. Garrett of Orlando, Fla. and Lusk informed the body it would take a two-thirds vote of the assembly to bring the matter forward. A voice vote could not determine two-thirds and a standing vote was called. Motion then failed to gain the necessary two-thirds.

Lusk turned the meeting back to Adams and Adams brought two resolutions forward to the delegates.

SECTION 4
Resolutions Adopted

RESOLUTION 1.
WHEREAS, an alternative lane dressing rule was implemented August 20, 1986 to allow extensive, nationwide evaluation of the limited distance dressing concept; and
WHEREAS, the evaluation is continuing,
BE IT RESOLVED, by the delegates in annual session on March 17, 1989, that if during the 1989-90 season it is determined to be in the best interests of the membership to eliminate unnecessary information and paperwork by revising inspections and/or procedures required for honor scores, the ABC Board of Directors shall be authorized to amend the rules governing such inspections and/or procedures. Any rule so amended shall become effective as designated by the Board.
BE IT FURTHER RESOLVED, that any such revision approved by the Board under this interim procedure shall be submitted to the Delegates at the 1990 Convention for action.
Delegates Action: Adopted

RESOLUTION 2.
WHEREAS, the American Bowling Congress and the Women's International Bowling Congress (ABC/WIBC) have been Group C members of the United States Olympic Committee since 1983; and,
WHEREAS, ABC/WIBC have previously been jointly recognized by the USOC as the national governing body for the sport of amateur tenpin bowling; and,
WHEREAS, in such joint capacity, ABC/WIBC have (by virtue of achieving medal status in the Pan American Games) applied for Group A membership in the USOC; and,
WHEREAS, in accordance with the International Olympic Committee Charter and the United States Amateur Sports Act of 1978, the USOC is prohibited from recognizing more than one national governing body for each sport, notwithstanding the existence of separate organizations for men and women; and,
WHEREAS, ABC/WIBC have resolved the prohibition against recognizing both organizations by proposing the formation of a single autonomous nonprofit umbrella corporation to serve and be recognized as the national governing body for USOC and international competition matters; and,
WHEREAS, proposed Articles of Incorporation and Bylaws to form the necessary umbrella corporation have been reviewed and approved by the USOC; and,
WHEREAS, contingent on approval of the ABC and WIBC boards of directors and delegates at the respective 1989 conventions, the proposed umbrella corporation (which will be known as the United States Tenpin Bowling Federation) has been granted Group A membership in the USOC as the national governing body for the sport of tenpin bowling;
NOW THEREFORE, BE IT RESOLVED, by the Delegates in annual session on March 17, 1989, that the formation of the proposed umbrella corporation to serve and be recognized as the national governing body for the sport of tenpin bowling for USOC and international competition matters shall be and is hereby authorized and approved.
BE IT FURTHER RESOLVED, that, upon adoption of this resolution by ABC and WIBC, Articles of Incorporation forming the United States Tenpin Bowling Federation shall be submitted to the Wisconsin Secretary of State for filing and recording as required by law.
Delegates Action: Adopted.

Adams then announced the election results. There were 1,108 votes cast, 24 with write-ins and 44 nonvalid for a total of 1,196 votes cast and the ballot as presented was elected. Adams then introduced Darold Dobs, Executive Secretary-Treasurer-Elect.

MR. DOBS: Thank you very much. I've never read a speech in my life, but I think it's important that I read this one because I don't want to forget anything. I'd like to thank you for what may be perceived as a vote of confidence for your staff, your ABC staff. And your officers and board and staff hope you will continue to offer support with your dedication, hard work and input, because without you, we don't have an ABC, and very frankly, we probably don't have a game of American Tenpins as we know it today.

I am personally honored in the confidence the Nominating Committee, Board and ultimately you have bestowed upon me, considering all of the outstanding candidates available. On behalf of your officers, Board and staff, I pledge to you that with your continued assistance and help we'll never fail. We might stumble, but we'll never fail because of our efforts and dedication, I'll guarantee you that.

We look forward to the opportunity that lies ahead. Let's get the job done but never lose sight of why we have a great sport: people, friendship and fun. Let's work hard and have a little fun on the way. And, again, thank you and we look forward to working with you, as we have in the past, and we will in the future, to make this sport even better.

And, I'd like to take this opportunity to thank the guy that I worked with for many years and has devoted 25 years of his life to dedicated service, a guy that I think has more integrity and more guts and more courage and more knowledge than anybody else in this sport, and I am very proud to say that he is a staff member of ABC and devoted all of his life to it. How about a big hand for Burt Kellermann.

I would hope to give you a chance to continue to work with us, and from the bottom of my heart, thanks for this opportunity.

Adams returned to the podium and called for unfinished business. A motion was made by Past President Ray Arnold of Jackson, Mich. which called for the acts and business of the Congress since the last annual meeting be approved and ratified. Motion was seconded and carried.

Adams adjourned the meeting at 4:15 p.m.

ABC membership still best, largest sports organization

For yet another year, the American Bowling Congress can claim the title of the world's largest sports membership organization thanks to its 3,165,471 loyal members during the 1988-89 season. Those members were served through 2,799 local associations in the United States, Canada, Puerto Rico and at U.S. military bases worldwide.

It took a 3,824,867 male "playing strength" to fill the men's and mixed leagues, meaning that thousands of ABC members bowled in more than one league. "Playing strength" is the estimated number of bowlers needed to fill teams in all sanctioned leagues.

Greater Detroit continued to be the largest local affiliate with 103,873 members, helping Michigan retain the top membership with 268,775. The Chicago Metropolitan Bowling Assn. continued in the No. 2 local spot with 61,166 members.

In the 1987-88 season, ABC had 3,313,491 members participating in 2,819 associations and a "playing strength" of 3,911,483.

ABC members participated on 1,305,895 teams in 117,469 leagues, drops from 1,351,663 teams in 121,648 leagues during the 1987-88 season.

Of the top 25 local associations, the Nation's Capital B.A. moved past Eastern Long Island into third place, while Buffalo, N.Y. moved up a notch to seventh and New York City climbed from 12th to 10th. Greater Columbus, Ohio and Greater Baltimore also moved up two notches to 17th and 22nd, respectively. Many large associations were hit with the closing of bowling centers due to the property being earmarked for other uses.

New York remained the second largest state among membership with 263,856, while California, the third largest with 234,546, retained the lead in "playing strength." California's figures indicate more ABC members participate in more leagues and bowl year around. It boasted 11,380 leagues, 2,174 more than New York and 3,182 more than Michigan with a "playing strength" of 360,167 bowlers. New York and Michigan had "playing strengths" of 309,158 and 303,784, respectively.

Wisconsin had the most local associations with 185, 12 more than Minnesota while Iowa had 172. Of the ABC membership, Canada contributed 51,860, an increase of 588, while the military had approximately 30,000, those stationed overseas being provided free membership.

Of the 117,469 leagues, 18,166 were classified as summer leagues, those which begin competition after March 15. A total of 80,027 were mixed, 68% of all leagues. Mixed leagues may include all women's teams or women bowling with men. For example, there were 6,257 singles mixed leagues sanctioned.

There were 3,998 seniors leagues of various sizes, including mixed leagues.

The popularity of five player teams was evident as 23,998 of the 33,240 all men's leagues and 1,427 mixed leagues were in that category. Four member teams again were dominant in mixed competition with 50,365 in this group.

The average number of teams in all leagues was 11.1 with 41,961 between five and eight teams and 41,119 between 9-12.

*ABC record

79 new centers certified in 1988-89

Of the 8,103 bowling centers certified by the American Bowling Congress during the 1988-89 season, 79 were newly constructed with 1,900 lane beds, an average of 24.05 per new center.

Once again, certain trends continued regarding bowling centers. First, small centers either outdated or beyond repair continued to close while high property values in some areas forced the closing of other centers due to economics. Yet these closed centers were replaced by larger, newer establishments.

The average size of a 1988-89 bowling center was 18.93 lanes, up from 18.76 lanes the previous season and 18.6 in 1986-87. In the 1962-63 season, there were a record 11,476 centers with 163,323 lane beds, an average of 14.23 lanes per center.

For the second consecutive season, the number of centers in the United States dipped below 8,000 as 7,764 were certified, down 159 from the previous season. Before 1987-88, the 1957-58 season was the last with less than 8,000 U.S. centers.

In 1988-89, 148,315 U.S. lane beds were certified, a decrease of 1,837 from the previous season. The ABC also certified 339 centers in Canada, Puerto Rico and at U.S. military bases worldwide. This was a decrease of 17 centers while there were 84 fewer lanes than the previous season with 5,088.

The increase in new centers can be compared with the 1987-88 season when 97 opened with 1,854 lane beds.

FINANCIAL REPORT 1988-89

To the Board of Directors of American Bowling Congress:

We have audited the accompanying balance sheets of AMERICAN BOWLING CONGRESS (a Wisconsin corporation without capital stock and not-for-profit) as of July 31, 1989 and 1988, and the related statements of income and expenses and changes in fund balance and statements of cash flows for the years then ended. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audits. The summarized financial data for Bowlers' Building Corporation (BBC) contained in Note 2d are based on the financial statements of BBC which were audited by other auditors. Their report has been furnished to us and our opinion, insofar as it relates to the data in Note 2d, is based solely on the report of the other auditors.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of American Bowling Congress as of July 31, 1989 and 1988, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules (Exhibits I and II) are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, based on our audit and the report of other auditors, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

1. Corporate Organization

The American Bowling Congress (ABC) is a service oriented sports organization formed to adopt and enforce uniform playing rules and conditions for the sport of American Tenpins. It provides programs and services to its membership for their participation in organized bowling and encourages the creation and development of events for amateurs. The goal of ABC is to promote, foster the integrity of, and enhance the enjoyment of tenpin bowling.

2. Summary of Significant Accounting Policies

(a) **Method of accounting** —
The books of account of ABC are maintained on the accrual basis, except for certain membership dues.

(b) **Property and equipment** —
The cost of property and equipment acquired is depreciated using the straight-line method of depreciation. Tournament equipment is depreciated over an eight-year life and office furniture and equipment over five to ten years.

(c) **Membership dues recognition** —
Membership dues are recognized when remitted, the majority of which are received during the first eight months of the fiscal year. A portion of the membership dues received is allocated to magazine revenue and advertising. This revenue relates to magazine subscriptions issued to each ABC league and is based upon one-half of the full subscription price. A summary of the dues allocated is as follows:

	Year ended July 31, 1989	Year ended July 31, 1988
Total membership dues received	$9,839,067	$8,257,829
Less - Dues allocated to magazine revenue	(489,565)	(210,908)
Net membership dues	$9,349,502	$8,046,921

(d) Investment in Bowlers' Building Corporation —
ABC's investment in Bowlers' Building Corporation (BBC) is accounted for using the equity method. BBC holds title to the land and building utilized by ABC as its national headquarters. Summarized financial information for BBC for fiscal 1989 and 1988 is shown below:

	As of July 31, 1989	As of July 31, 1988
Cash	$ 11,890	$ 15,457
Receivables	11,309	8,095
Property and equipment (less accumulated depreciation)	3,571,551	3,695,744
Total assets	$3,594,750	$3,719,296
Accounts payable	$ 5,618	$ 5,172
Real estate tax accrual	126,250	140,250
Equity —		
American Bowling Congress (ABC)	1,731,441	1,786,937
Women's International Bowling Congress Inc. (WIBC)	1,731,441	1,786,937
Total liabilities and equity	$3,594,750	$3,719,296

	Year ended July 31, 1989	Year ended July 31, 1988
Operating expenses	$403,884	$430,847

(e) Fund balance —
The fund balance is composed of two separate funds, the operating fund and the tournament fund, detailed below:

	Operating	Tournament	Total
Balance, July 31, 1987	7,716,130	928,298	8,644,428
Net income	41,406	192,412	233,818
Balance, July 31, 1988	7,757,536	1,120,710	8,878,246
Net income	392,642	105,346	497,988
Balance, July 31, 1989	$8,150,178	$1,226,056	$9,376,234

The Finance and Budget committee of ABC designates portions of the operating fund for specific purposes. At July 31, 1989, the operating fund consists of the following:

Designated funds —	
International bowling activities	$ 300,000
Operations	1,175,000
	1,475,000
Fund balance not designated	6,675,178
Operating fund balance	$8,150,178

In addition, ABC has budgeted $670,000 to be used in fiscal 1990 for the production of a television program entitled "Bowling World."

(f) Investments —
Investments are stated at cost which approximates market. Summarized investment data is shown below:

	As of July 31, 1989	As of July 31, 1988
Operating fund	$5,490,492	$4,565,000
Advance tournament deposits	1,270,913	821,380
Restricted for tournament equipment replacement and other tournament activities	1,159,001	1,054,042
Accrued interest receivable	199,526	58,058
	$8,119,932	$6,498,480

Advance deposits are collected for the next year's National Tournament. Amounts received and any interest earned are both deferred as the funds are to be used exclusively for next year's tournament.

3. Income Tax Status

The Internal Revenue Service has issued a determination letter dated Aug. 4, 1986, granting ABC an exemption from Federal income taxes under IRS Code Section 501(c)(3). ABC is also exempt from State of Wisconsin income taxes.

4. Employee Benefit Plan

ABC employees are covered under the ABC Retirement Plan (the Plan). The plan also covers employees of the Young American Bowling Alliance, Inc. (YABA). ABC's policy is to fund the minimum required contribution as determined by the actuary. Total contributions to the Plan were $343,419 and $0 in fiscal 1989 and 1988, respectively. ABC's portion of the fiscal 1989 contribution was $303,823 with the remaining contribution paid by YABA. Total pension expense was $147,823 and $77,430 of which $17,044 and $10,840 was charged to the YABA in fiscal years 1989 and 1988, respectively.

As of Aug. 1, 1987, ABC adopted Financial Accounting Standards Board Statement No. 87, "Employers' Accounting for Pensions." Accordingly, ABC changed its method for determining annual pension expense for financial reporting purposes. This change increased fiscal 1988 net income by $116,235. ABC, however, continues to use the Frozen Entry Age Actuarial Cost method to determine annual contributions to the plan.

The net periodic pension cost components for fiscal 1989 and 1988 were as follows:

	As of July 31, 1989	As of July 31, 1988
Service cost-benefits earned during the year	$ 288,797	$ 261,180
Interest cost on projected benefit obligation	419,429	391,580
Actual return on assets	(919,281)	(327,089)
Net amortization and other components	358,878	(248,241)
Total pension plan expense	$ 147,823	$ 77,430

The principle actuarial assumptions used for fiscal year 1989 and 1988 valuations were:

Measurement of projected benefit obligation:	
Discount rate	8.0%
Long-term rate of compensation increase	6.5%
Long-term rate of return on plan assets	9.5%

The funded status of ABC's qualified pension plan is as follows:

	As of July 31, 1989	As of Aug. 1, 1988
Actuarial present value of benefit obligations:		
Vested	$4,643,566	$3,890,733
Nonvested	364,208	268,532
Accumulated benefit obligation	5,007,774	4,159,265
Effect of projected future salary increases	1,328,990	1,247,877
Projected benefit obligation	6,336,764	5,407,142
Plan assets at market value	6,556,881	5,696,915
Plan assets in excess of projected benefit obligation	220,117	289,773
Unrecognized net asset at Aug. 1, 1987, net of amortization	(780,647)	(832,690)
Unrecognized prior service cost	348,699	—
Unrecognized net loss (gain)	(99,081)	36,409
Net pension (liability) recognized in the balance sheet	(310,912)	(506,508)

ABC's share of the net liability amounts ($270,068 and $443,112 as of July 31, 1989 and 1988, respectively) is included in accrued liabilities in the accompanying balance sheets.

During 1989, various changes were made to the Plan which increased the total projected benefit obligation $367,247.

5. National Bowling Hall of Fame and Museum, Inc.

On March 27, 1981 during the ABC National Convention, the delegates approved and ratified a resolution stating that the ABC, along with the WIBC, would guarantee the continuation of the National Bowling Hall of Fame and Museum, Inc. (NBHF&M) operations for a period of 10 years. Accordingly, this guarantee has been carried out in the form of advances by ABC and WIBC to NBHF&M. During 1989, the ABC and WIBC, along with AMF, Inc., Brunswick Corporation and the Bowling Proprietors Association of America (BPAA) each pledged $25,000 for fiscal 1990 to the NBHF&M to help finance operations.

Also, in 1986 prior borrowings of NBHF&M (for the construction of the National Bowling Hall of Fame and Museum) were repaid by additional ABC and WIBC advances. All advances have been secured by a mortgage on the property in favor of ABC and WIBC.

The notes receivable from the NBHF&M are interest-free and have a due date of July 31, 1989, which was subsequently extended to July 31, 1990. Management's intent is to not call for payment at the due date of the notes, unless NBHF&M has the financial ability to repay. Additional formal extension of the notes is planned. Since collection is not anticipated at this time, the notes have been fully reserved.

6. Note Receivable from Young American Bowling Alliance, Inc.

The note receivable from the Young American Bowling Alliance, Inc. is interest-free and had a due date of Aug. 1, 1989, which was subsequently extended to Aug. 1, 1990. An additional $10,000 payment was received in fiscal 1989. It is management's intent, however, to not call for payment on the remainder of the note. Since collection of the note is not anticipated at this time, the note has been fully reserved.

7. Line of Credit

ABC has a bank line of credit arrangement in the amount of $500,000. There are no compensating balance arrangements. There were no borrowings under this line at July 31, 1989 or 1988, or during the years then ended.

8. Joint Administration of Equipment Specifications Department

On Aug. 1, 1988, ABC entered into an agreement with WIBC to jointly administer the Equipment Specifications Dept. ABC sold to WIBC a one-half interest in the furniture and fixtures, the lane dressing measuring equipment, and certain lane certification and inspection equipment and supplies located in this department. The ABC received $347,099 from the sale, which approximated the net book value of the assets sold.

9. Reclassifications

Certain reclassifications have been made to the 1988 amounts to conform with the 1989 presentation.
